

BC WILD FIRES

DONATIONS NEEDED

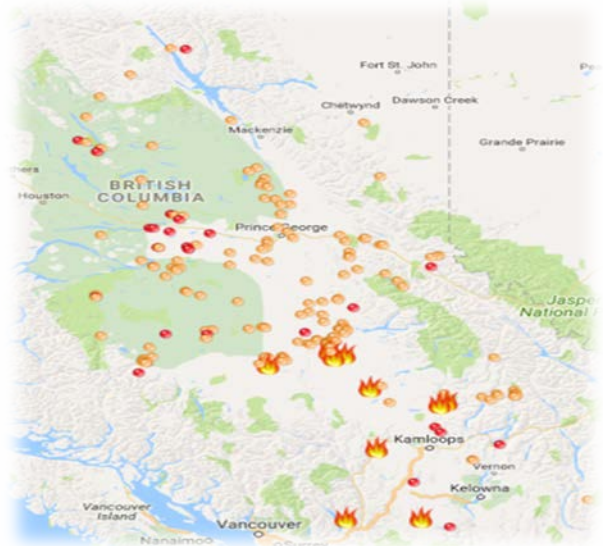

More than 10,000 people are under evacuation orders as firefighters battle more than 220 wildfires covering 320 square kilometres in the B.C. Interior.

In just a few days, more than 10,000 British Columbians have been forced out of their homes by wildfires. The devastating stream of events, brings back so many memories to us, as we were experiencing the same tragedies last year.

Fort McKay Logistics LP knows that we can help by delivering supplies to the front line officers to help them get through the early stages of evacuation.

We are looking for donations to help the wildfire victims.

- Diapers
- Baby Wipes
- Deodorant
- Shampoo and Conditioner
- Soap
- Water
- Gatorade
- Band-Aids
- Tylenol
- Feminine Hygiene Products
- Tooth brush and tooth paste

Financial Donations: The money will go towards providing financial assistance and helping people get back into their communities once it's safe to return.

We are shipping a trailer full of supplies on Wednesday July 12 and another one on Friday July 14, 2017 to the fire fighters and evacuees.

If you or your company wants to donate to help us reach our goal, please contact:
